Re: Reclamation Status  
Crystal Peak Minerals Corporation  
M/027/008  
Millard County, Utah

Dear Sirs:

Reclamation work at the Sevier Lake Project has been completed. Items mentioned by Mr. Rowley's letter of October 26, 1993 have been completed and/or corrected. Reclamation seeding was accomplished on November 22, 1993 by Mr. Steve Ellis per the attached certified seed mix supplied by the Goble Seed Company. Miscellaneous items listed in the October 26 letter have been corrected.

Accordingly, Crystal Peak Minerals Corporation requests that it be discharged from liability and the following bonds released:

- (a) Board Contract dated August 1, 1989 in the sum of \$59,000; and

0007

Mr. Rex Rowley  
Mr. D. Wayne Hedberg  
December 20, 1993  
Page 2

- (b) Corporate Surety Bond No. 4600013 dated August 1, 1989, naming Crystal Peak Minerals Corporation, as principal, and Hartford Accident and Indemnity Company, as surety, in the amount of \$5,000, to the Utah Board of State Lands and Forestry for obligations under State Special Use Lease Agreement No. 752. SUL No. 752 was relinquished by Crystal Peak on May 7, 1993 and Crystal Peak has no remaining obligation on the State lands involved.

Although a remote possibility exists that the re-seeding program would need to be repeated if moisture in the area is not sufficient to accomplish the 70% pre-mining vegetation ground cover by the end of three (3) growing seasons, the estimated cost would not exceed \$1,700. However, if you cannot see your way clear to grant the requested releases in full, then Crystal Peak is agreeable that DOGM retain \$2,000 of the Board Contract against the re-seeding possibility for this minimal sum.

Crystal Peak's \$53,000 surety bond (Corporate Surety Bond No. 8112-68-53, dated January 14, 1993) posted with the Bureau of Land Management and covering all federal lease obligations will remain in place until acceptance of the federal lease relinquishments is finalized with the BLM.

Any questions or comments on the field work should be addressed to the consulting business listed on the letterhead. Questions pertaining to legal documentation of the necessary agreement(s) should be directed to Mr. Oliver Gushee. He can be reached at (801) 531-8446.

Sincerely,

Larry Sower  
Agent  
Crystal Peak Minerals
